**“All Masonry Contractors Should be Familiar with the Process of Color Correction”**  
“If you are talented enough to lay a Brick, Block or Stone then you are talented enough to stain one”.  
Don Fister  
Co-President of Masonry Cosmetics, Inc.

**Fireplace Coloration**  
Before After

**Mfg. Stone**  
Problems: There is now so much product on the market, you can never be sure how to treat it. How can you walk quickly through the dreaded “Patch, Let?”  
Solution: The Masonry Mix Kit works the same magic on all unsealed unpainted masonry products. You can count on the results.

**Stone**  
Before After

**Graffiti Fix**  
Problems: This is just a mess. You have all seen these sorts of repairs done poorly. When this stuff shows up overnight, do you have a realistic color fix?  
Solution: Graffiti repair is no stone is a little more difficult to master than your ordinary masonry repair. Our process gets results.
